DANIEL O'RORKE

408-768-4570 | daniel@ororke.com | linkedin.com/in/danielororke | github.com/Daniel085

PROFESSIONAL SUMMARY

Principal Product Manager with 10+ years setting product direction for developer platforms used by millions. Ships working software alongside strategy: built Docs-as-Code, a production multi-agent pipeline (12 Claude agents, 5 event loops) that turns OpenAPI specs into developer portals. Currently defining the API & developer platform connecting AI to voice networks at Alianza. Previously expanded SendGrid from email API to multi-channel communications platform and guided Vonage's Video API through 10x growth. Mentored a team of 5 PMs and built the discovery and prioritization frameworks they adopted.

AREAS OF EXPERTISE

Product Vision & Multi-Year Strategy | AI-Native Product Building | Claude Code / Cursor Prototyping | LLM Integration (Claude, OpenAI) | Platform Convergence & Evolution | PM Craft & Team Mentorship | B2B SaaS at Scale | Data-Driven Decision Making

PROFESSIONAL EXPERIENCE

Principal Product Manager

Feb 2026 – Present

Alianza • Boise, ID (Remote)

Defining strategy for an API & developer platform connecting AI to voice networks: developer portal, REST APIs, SDKs, and developer program, built from the ground up.

- Own multi-year vision for an API-driven product portfolio at the intersection of AI and CPaaS/VOIP
- Launching developer portal, self-service tooling, and developer program for service-provider customers and partners
- Driving API lifecycle (versioning, deprecation, EOL), gateway architecture, and dev-ecosystem growth
- Prototype concepts and draft specs daily with Claude Code, Cursor, and the Claude API, testing ideas before committing engineering time

Lead Product Manager

Apr 2025 – Jan 2026

Charter Communications • Denver, CO (Hybrid)

Defined product direction for a new developer platform inside North America's largest ISP.

- Owned multi-year vision for programmable network APIs and developer platform strategy
- Led Charter's early CAMARA network API initiative, building the product framework from scratch in a market with no established playbook

Expert Product Manager
2020 – 2025

Vonage / Ericsson • Remote

Led product vision for video platform serving millions through explosive growth; mentored 5 PMs and built the team's operating frameworks.

Video Platform — Vision, Convergence & Scale (2020 – 2024)

- Owned the multi-year roadmap for a video platform spanning iOS, Android, Web, Windows, Mac, and Linux
- Simplified and unified the platform's APIs as usage grew 10x, prioritizing the friction points with the most developer impact
- Launched new product in 2021 that grew to 1.5M+ minutes per month by year two
- Identified a developer-migration opportunity from usage data and escalation patterns, capturing $3M in revenue within 6 months
- Mentored and onboarded a team of 5 PMs; built the discovery, prioritization, and roadmap frameworks the team adopted
- Led cross-functional collaboration across Engineering, Architecture, Developer Relations, and GTM
- Recipient: Key Talent Award & Key Contributor Award

Network Platform — New Bets & External Vision (2024 – 2025)

- Took Number Verification API from proof of concept to commercial launch in an unproven market
- Represented product vision externally: presented API strategy at Ericsson Innovation Days to European mobile network operators

Senior Product Manager
2017 – 2020

Twilio (SendGrid Labs) • San Francisco, CA

Drove platform strategy as SendGrid expanded beyond email.

- Led the strategic pivot from a single-purpose email API to a multi-channel communications platform
- Introduced Outcome-Driven Innovation methodology to identify highest-impact product capabilities and align engineering investment

Senior Product Manager
2017 – 2018

VoiceBase • San Francisco, CA

Built developer-facing products for AI-powered Speech-to-Text platform; early experience shipping AI/ML at scale.

- Owned end-to-end developer experience for an AI Speech-to-Text API platform
- Launched Developer Console with self-service analytics, enabling developers to test, debug, and iterate independently
- Reduced support tickets 40% through improved documentation and self-service tooling
- Company acquired by LivePerson

Product Manager
2015 – 2017

Aerohive Networks • Sunnyvale, CA

- Led HiveSchool WebRTC product—won ISTE "Best in Show" award
- Built developer portal content and reference applications for the enterprise WiFi platform
- Co-invented 2 patents for WiFi credential automation (15/073,593 & 62/350,158)

Product Manager
2013 – 2015

Yahoo • Sunnyvale, CA

- Managed Mail Monetization products reaching Yahoo's massive consumer user base
- Recipient: Superstar Team Award

HANDS-ON AI BUILDS (GITHUB.COM/DANIEL085)

- **Docs-as-Code** — Production multi-agent pipeline built with Claude Code: 12 Claude agents across 5 event-triggered loops convert OpenAPI specs into developer portals, cost-optimized at ~$0.65 per cold run and ~$1.50 per spec change
- **SocialMediaManager** — Human-in-the-loop content pipeline (CLI plus Flask UI) that drafts with Claude Sonnet 4.6 and routes everything through human review
- **Family Meal Planner** — Next.js 15 app with a provider-agnostic LLM layer (Claude or OpenAI) and Puppeteer automation for Walmart grocery ordering
- **GrocerySelector** — In-browser AI running Phi-3 and SDXL-Turbo over WebGPU, with no server-side inference at all
- **iOS-WebRTC-Demo** — Production iOS dialer with CallKit, VoIP push, and a full backend (signaling, TURN/STUN, PostgreSQL)

Daily tools: Claude Code, Cursor, Claude API, OpenAI API, MCP integrations. Languages: TypeScript, Swift, Python.

CERTIFICATIONS & PATENTS

- Certified Scrum Product Owner (CSPO) – Scrum Alliance
- Patent 15/073,593: Chromebook Credential Management
- Patent 62/350,158: Seamless Wireless Device Onboarding
